Remarkable Result of the New Tissue Builder Protone, in Many Cases of Run-Down Men and Women.

Prove It Yourself By Sending Coupon Below For a 50 Cent Package, Free.

"By George, I never saw anything like the effects of that new treatment, Protone, for the building up of weight and lost nerve force. It acted more like a miracle than a medicine," said a well-known gentleman yesterday in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me fat. I tried tonics, digestives, heavy eating, diets, milk, beer and almost everything else you could think of, but without result. I had been thin for years, and began to think it was natural for me to be that way. Finally I read about the remarkable processes brought about by the use of Protone, so I decided to try it myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just 30 pounds during the last month and never felt stronger or more 'nervy' in my life."

Protone is a powerful inducer of nutrition, increases cell growth, makes perfect assimilation of food, increases the number of blood corpuscles, and as a necessary result builds up muscles and solid, healthy flesh, and rounds out the figure. For women who can never appear stylish in anything they wear because of their thinness, this remarkable treatment may prove a revelation. It is a beauty-maker as well as a form builder and nerve strengthener. It will cost you nothing to prove the remarkable effects of this treatment. It is absolutely non-injurious to the most delicate system. The Protone Company will send to anyone who sends name and address a free 50 cent package of Protone, with instructions, to prove that it does the work. They will also send you their book on "Why You Are Thin," free of charge, giving facts which will

probably astonish you. Send coupon below—today—with your name and address.
